

Aggressive Prosecution and Defense of Litigation

Tempered by Civility and Simple Fairness

At Litchfield Cavo LLP, we defend individuals and organizations in a wide variety of personal and business liability actions and represent insurers in coverage disputes.

We are distinguished by our partners' expertise and significant trial experience. Our reputation is built on our lawyers' willingness and readiness to try cases to verdict. We emphasize efficient preparation and creative litigation strategies that promote early and favorable settlements through arbitration, mediation and at trial.

Litchfield Cavo LLP has grown ten-fold since our founding in 1998, and we now have nine offices reaching coast to coast. That success is the result of not just our legal work and the results we achieve, but also of the strength of the bonds formed with our clients—long-term relationships based upon mutual respect and partnership.

How we treat our clients, co-defendants, the courts, and each other are the characteristics that define us: Responsiveness to our clients and consideration of their need for early evaluation, thoughtful analysis, and cost-effective management of the matters entrusted to us. Constant attention to developing trends in tort and insurance law so we can alert and inform our clients. Aggressive prosecution and defense of litigation tempered by civility and simple fairness. Treating all the participants in litigation with respect and candor avoids needless costly wrangling, earns the respect of the courts before which we practice, and promotes early favorable resolution of the issues facing our clients.

At Litchfield Cavo LLP, we take pride in providing thoughtful, creative solutions to our clients' needs. Our litigation expertise, specialized knowledge, insight, sound legal judgment, resourcefulness and hard work are the essence of our services.
